Casket Dealers

(In addition to funeral homes and internet sources)

According to the FTC Funeral Rule, you are entitled to:

- **Use goods that you purchase elsewhere.** Your funeral provider cannot refuse to handle a casket or urn that you purchased somewhere else or charge you a fee to do it. Also, you are not required to be at the funeral home when your items are delivered to them.
- **Choose a container other than a traditional casket for cremation.** There is no law that requires the use of an expensive casket for cremation.
